Section A: Investigating data

Answer **all parts** of the following question. You should spend no more than **25 minutes** on **a)–c)** and the remaining **35 minutes** on **d)**.

The corpus of data on pages 4 and 5 consists of vehicle bumper stickers.

Contextual information is implicit within the texts. You do not need to refer to it in questions a)–c). The information may help you in your response to d).

- | | |
|---|---|
| 0 | 1 |
|---|---|
- a) Identify and write down **two** different phonological techniques used in the texts. Describe each one using accurate terminology and briefly explain the effects created in each case. [4]
- b) Identify and write down **four** lexical or semantic effects used in the texts. Describe each one using accurate terminology and briefly explain the effects created in each case. [8]
- c) Identify and write down **four** different grammatical structures used in the texts. Describe each one using accurate terminology and briefly explain the effects created in each case. [8]
- d) Using examples from the texts, analyse and evaluate the ways in which language is used in the messages of vehicle bumper stickers. [30]

In your response, you should consider:

- the context/purpose of the sticker and who has chosen it
- the tenor and the effect of the lexical choices
- how form and structure are used to create impact
- the similarities and/or differences.

You may use your answers to **a)–c)** and your own knowledge to inform your response.
