

GCSE MARKING SCHEME

SUMMER 2024

**GCSE
SPANISH - UNIT 4
WRITING - HIGHER TIER

About this marking scheme

The purpose of this marking scheme is to provide teachers, learners, and other interested parties, with an understanding of the assessment criteria used to assess this specific assessment.

This marking scheme reflects the criteria by which this assessment was marked in a live series and was finalised following detailed discussion at an examiners' conference. A team of qualified examiners were trained specifically in the application of this marking scheme. The aim of the conference was to ensure that the marking scheme was interpreted and applied in the same way by all examiners. It may not be possible, or appropriate, to capture every variation that a candidate may present in their responses within this marking scheme. However, during the training conference, examiners were guided in using their professional judgement to credit alternative valid responses as instructed by the document, and through reviewing exemplar responses.

Without the benefit of participation in the examiners' conference, teachers, learners and other users, may have different views on certain matters of detail or interpretation. Therefore, it is strongly recommended that this marking scheme is used alongside other guidance, such as published exemplar materials or Guidance for Teaching. This marking scheme is final and will not be changed, unless in the event that a clear error is identified, as it reflects the criteria used to assess candidate responses during the live series.

SUMMER 2024 MARK SCHEME

UNIT 4: WRITING – HIGHER TIER (60 marks)

General Advice for Examiners

You are asked to read and digest thoroughly all the information set out in the document *Instructions for Examiners* sent as part of the stationery pack. It is essential that these instructions are adhered to by all.

Particular attention should be paid to the following instructions regarding marking:

- as an examiner you must be positive in your approach. Look for opportunities to reward rather than penalise
- make sure that you are familiar with the questions and the relevant mark schemes
- familiarise yourself with the descriptors for each section of each assessment grid. See information below regarding advice on awarding marks using banded mark schemes
- for questions at Foundation and Higher Tier where an approximate word count is advised, the whole task must be marked, and no marks are to be deducted for exceeding the word count.

Translation into Spanish

Suggested translations of each sentence or passage are provided in the mark scheme and will be further discussed at the examiners' conference in the light of candidates' scripts. Possible alternatives will be looked at on an individual basis.

When writing or speaking about themselves, gender identification should not be an issue as they should be using first-person pronouns. If candidates choose to write or speak in the third-person, they must be consistent in their pronoun choices, for example, use of 'they/them/xe/xhe' should not be seen as grammatically incorrect if the candidate is consistently using the chosen pronoun throughout their writing. Please be mindful of candidates' choices in assessing all work. When discussing another individual in the third person where gender or gender preference is unknown or undisclosed, WJEC expects consistent application of the gender agreement of the candidate's choice, for example, the discussion of a writer's craft could make reference to 'him/her' or 'they'.

Applying banded mark schemes

Banded mark schemes are divided so that each band has descriptors for the performance level of that band. You should first read and annotate a candidate's response to pick out the evidence that is being assessed in that question. Once the annotation is complete, the mark scheme can be applied.

Stage 1 – Deciding on the band

When deciding on a band, the response should be viewed holistically. Beginning at the lowest band, you should look at the candidate's response and check whether it matches the descriptors for that band. If the descriptors at the lowest band are evidenced, you should move up to the next band and repeat this process for each band until the descriptors match the response.

If a response covers different aspects of different bands within the mark scheme, a 'best fit' approach should be adopted to decide on the band. For instance, if a response is mainly in band 2 but with a limited amount of band 3 content, the mark awarded would be close to the

top of band 2 as a result of the band 3 content. Small omissions in some parts of their response may not negatively affect the mark awarded.

Stage 2 – Deciding on the mark

Once the band has been decided, you can then assign a mark within a band. During standardising (marking conference), detailed advice from the Principal Examiner on the qualities of each mark band will be given. You will then receive examples of responses that have been awarded a mark by the Principal Examiner. You should mark the examples and compare your marks with those of the Principal Examiner.

When marking, you can use these examples to decide whether a candidate's response is of a superior, inferior or comparable standard to the examples provided. You are reminded of the need to revisit the response as you apply the mark scheme in order to confirm that the band and the mark allocated are appropriate to the response provided.

The following pages contain the mark scheme and assessment grids for Higher Tier. In addition, you should ensure you are familiar with the grammar requirements in Appendix B of the specification.

When using the assessment grids for Question 1, Communication and content and Linguistic knowledge and accuracy are to be assessed separately. Candidates achieving a lower mark in one column are not automatically precluded from accessing higher marks in another. Where a candidate produces a response, which is wholly irrelevant to the task set, 0 marks for Communication and content and Linguistic knowledge and accuracy will be awarded.

When using the assessment grids for Question 2, Communication and content and Linguistic knowledge and accuracy are to be assessed separately. Candidates achieving a lower mark in one column are not automatically precluded from accessing higher marks in another. Where a candidate produces a response, which is wholly irrelevant to the task set, 0 marks for Communication and content and Linguistic knowledge and accuracy will be awarded.

Question 3 - Translation**(12 marks)**

Marks for translation will be awarded for conveying meaning and for application of grammatical knowledge and structures.

The translation will be divided into five sections. For each section (a, b and c), marks of 0-1- 2 will be awarded as follows:

2	Meaning fully conveyed. Grammatical structures correct with very minor errors (such as accents, genders, agreements, etc.).
1	Meaning partially conveyed but grammatical structures used are correct; or meaning conveyed but grammatical structures incorrect.
0	Inappropriate or no response. None of the required information is conveyed.

The maximum mark for conveying meaning and for application of grammatical knowledge and structures for this section is 6, as there are three sections to be translated.

For each section (d and e), marks of 0-1-2-3 will be awarded as follows:

3	Meaning fully conveyed. Grammatical structures correct with very minor errors (such as accents, genders, agreements, etc.).
2	Meaning partially conveyed but grammatical structures used are correct; or meaning conveyed but grammatical structures incorrect.

The maximum mark for conveying meaning and for application of grammatical knowledge and structures in this section is 6, as there are two sections to be translated.

The total number of marks available for the translation task as a whole is 12.

To aid examiners in awarding marks for conveying meaning and for application of grammatical knowledge and structures possible alternative answers will be discussed and agreed at conference. Where candidates have adopted a different approach, examiners are advised to discuss this with their Principal Examiner or Team Leader.
