Mark Scheme (Results)
Summer 2016

GCSE Physical Education (5PE03/01)
Unit 1: The Theory of Physical Education

#### **Edexcel and BTEC Qualifications**

Edexcel and BTEC qualifications come from Pearson, the world's leading learning company. We provide a wide range of qualifications including academic, vocational, occupational and specific programmes for employers. For further information, please visit our website at <a href="https://www.edexcel.com">www.edexcel.com</a>.

Our website subject pages hold useful resources, support material and live feeds from our subject advisors giving you access to a portal of information. If you have any subject specific questions about this specification that require the help of a subject specialist, you may find our Ask The Expert email service helpful.

#### Pearson: helping people progress, everywhere

Our aim is to help everyone progress in their lives through education. We believe in every kind of learning, for all kinds of people, wherever they are in the world. We've been involved in education for over 150 years, and by working across 70 countries, in 100 languages, we have built an international reputation for our commitment to high standards and raising achievement through innovation in education. Find out more about how we can help you and your students at: <a href="https://www.pearson.com/uk">www.pearson.com/uk</a>

### **General Marking Guidance**

- •All candidates must receive the same treatment. Examiners must mark the first candidate in exactly the same way as they mark the last.
- Mark schemes should be applied positively. Candidates must be rewarded for what they have shown they can do rather than penalised for omissions.
- Examiners should mark according to the mark scheme not according to their perception of where the grade boundaries may lie.
- •There is no ceiling on achievement. All marks on the mark scheme should be used appropriately.
- •All the marks on the mark scheme are designed to be awarded. Examiners should always award full marks if deserved, i.e. if the answer matches the mark scheme. Examiners should also be prepared to award zero marks if the candidate's response is not worthy of credit according to the mark scheme.
- For questions worth more than one mark, the answer column shows how partial credit can be allocated. This has been done by the inclusion of part marks eg (1).
- •Where some judgement is required, mark schemes will provide the principles by which marks will be awarded and exemplification may be limited.
- •When examiners are in doubt regarding the application of the mark scheme to a candidate's response, the team leader must be consulted.
- •Crossed out work should be marked UNLESS the candidate has replaced it with an alternative response.

#### **Quality of Written Communication**

П

Questions which involve the writing of continuous prose will expect candidates to:

- •Write legibly, with accurate spelling, grammar and punctuation in order to make the meaning clear
- •Select and use a form and style of writing appropriate to purpose and to complex subject matter

Pearson Education Limited. Registered company number 872828 with its registered office at 80 Strand, London WC2R ORL

# **Section A: Computer Marked**

Question	Answer	Mark
Number	_	
1 TG	A Physical activity can be fun	1
Question Number	Answer	Mark
2	D	1
TG	Mental	
Question Number	Answer	Mark
3 TC	B Reduced resting heart rate	1
Question Number	Answer	Mark
4 TG	A Image	1
Question Number	Answer	Mark
5 TG	C Socio-economic	1
Question Number	Answer	Mark
6 TD	<b>C</b> Participation	1
Question Number	Answer	Mark
7 TD	<b>B</b> Strength	1
Question Number	Answer	Mark
8 TF	<b>B</b> Good	1
Question Number	Answer	Mark
9 T	B Standing stork test	1
Question Number	Answer	Mark
10 T	C Three ball juggle	1

Question Number	Answer	Mark
11 T	A Sit and reach test	1
Question Number	Answer	Mark
12 TF	A Specificity	1
Question Number	Answer	Mark
13 T	D Continuous training	1
Question Number	Answer	Mark
14 T	B Sprinting in and out of cones	1
Question Number	Answer	Mark
15 T	D Shuttle runs	1
Question Number	Answer	Mark
16 T	B A games player slowly jogging back into position	1

# Section B:

Question 17	Answer	Do not accept	Additional Guidance	Marks	Total
	A <b>linked</b> justification that includes <b>one</b> of		Accept any other		
	the following reasons why Aron would be a		appropriate justification		
	good basketball coach:		response that <u>links</u> qualities		
			of being a performer to a		
	Will have a good knowledge of the <u>rules</u>		coach.		
	of the game, (1) therefore can pass	Played a lot of			
	these on to his performers so they play	games;	I.e. one mark for quality of		
	fairly/know how to play the game (1)		an elite level performer		
		Knows what he	relevant to coaching (1)		
	Will have a good knowledge of the	is doing	and one further mark for		
	tactics (1) therefore can use these		justification of why this		
	increase chance of success of team (1)	Knowledge/	would support coaching		
		experience of	role (1)		
	Will be skilful (1) therefore will give	the sport			
	good demonstrations/be able to show		Can gain second marking	1x2	(2)
	correct technique/pass skills on to	External contacts	point without first, provided		(-)
	others (1)		not linked to incorrect		
		Motivational/	point. I.e. if first marking		
	Will have good communication skills	role model	point is absent/too vague.		
	(through team work) (1) therefore will				
	be able to explain clearly to players (1)		Cannot credit across bullet		
			points.		
	Will know the types of drills/practices				
	needed (1) therefore can use these to				
	make sure his performers develop				
	appropriate skills (1)				
	Will understand physiological/				
	psychological demands of playing at	Knows what it			
	elite level (1) <u>so</u> can prepare his team	feels like			

so they can cope mentally/physically		
(1)		

Question 18	Answer	Do not accept	Additional Guidance	Marks	Total
	Any one representation of the remaining common purpose:	Increase participation	Accept reference to talent ID, performance pathways if in context of increasing a		
	<ul> <li>Development of talented performer</li> <li>Progress talented individuals to elite</li> </ul>	Retain people in sport	talented person's chance of becoming elite.	1x1	(1)
	<ul><li>Increase talent</li><li>Provide opportunities to excel</li></ul>	Improve performance			
	Talent ID				
	<ul><li>Increase number at elite level</li><li>More medals/international success</li></ul>	Increase success			

Question 19	Answer	Do not accept	Additional Guidance	Marks	Total
	<ul> <li>A linked description of use of RT by a 800m runner:</li> <li>If someone overtakes/opponent speeds up (1) they need to respond quickly by running faster (1)</li> </ul>	Responses linked to the start of the race as in question.	Description should include a clear stimulus (1) and relevant response (1)		
	<ul> <li>If something unexpected happens/something went wrong/competitor falls in front of the 800m runner (1) so they can take evasive action (1)</li> <li>If the runner trips (1) they need to quickly correct their movement so they do not fall/can get up quickly (1)</li> </ul>	Responses linked to pre- planned race tactics, e.g. dip for line, increased speed at bell		1x2	(2)

Q	uestion 20	Answer	Do not accept	Additional Guidance	Marks	Total
	(a)	Individual needs Or Individual differences Or Individual needs/differences Or Individual differences/needs	Individuality Individual Specificity		1x1	(1)
	(b)	Rest <b>and</b> recovery		Must have both parts, i.e. reference to recovery as well as rest.	1x1	(1)

Q	uestion 21	Answer	Do not accept	Additional Guidance	Marks	Total
	(a)	Achievable  Accept phonetic spelling	Achievement Achieves Accessible		1x1	(1)
	(b)	Time-bound Time-phased	Time-line Time frame Time Time Time		1x1	(1)
	(c)	Any one of the following: (S, A, R) - Gives an aim/focus/something to work towards/provides a clear target;  (M, A, R) - Motivates/increases confidence if progressing/helps you to maintain training/more determined;	Goal  Responses related to general improvement in performance, as this would be down to training programme		1x1	(1)

(M) - Allows a check on progress/see	Feel good		
improvement/ aids amendment to			
training/planning.			

Question 22	Answer	Do not accept	Additional Guidance	Marks	Total
	A <b>linked description</b> that makes reference to the following means of using interval training for a 10,000m runner and a 100m sprinter to a max 4 marks:	'Run' 'With breaks' - not equivalent to repeated  Description of Fartlek	1 mark for length of work period that is repeated and 1 mark for level of intensity of work period.  Only credit second marking point if relevant understanding		
	<ul> <li>10,000m runner would use repeated (or equivalent) sets of long work intervals (1) at low/aerobic/moderate/race pace (1)</li> <li>100m sprinter would use repeated (or equivalent) short work intervals, (1) at high intensity/sprint/fast bursts/anaerobically (1).</li> </ul>	Longer/lower unless qualified Shorter/higher unless qualified	of interval training is demonstrated  10,000m - Credit specific examples of sets/reps that clearly show repeated duration and intensity e.g. 5 X 1k at race pace, jog/walk 800m then repeat NB credit responses describing elite athletes working at high intensity/anaerobic OR responses describing fun runners working at low/moderate pace	2x2	(4)
			100m - Credit specific examples of sets/reps that		

	clearly show repeated duration and intensity e.g. sprint 100m, walk back, sprint 100m, walk
	back, repeat.

Question 23	Answer	Do not accept	Additional Guidance	Marks	Total
	A linked explanation that includes two of the following explained reasons for carrying out a warm up:  • To practice the skills used in the game (1) therefore ready to execute these skills in the match/increased accuracy of skill performance (1)  • To increase flexibility/mobility/ give a better range of movement/increase muscle temperature (1) so can execute effective/correct techniques/skills (1)  • Reduce possibility of cramp (1) so do not need to temporarily stop playing (1)  • To increase pulse rate/raise pulse/increase heart rate/increase blood flow/increase oxygen delivery (1) so ready to work at high intensity/muscles can work hard /ready for higher level of exercise (1)  • To reduce anxiety/increase confidence/concentration/focus/ment ally prepare (1) so standard of play	Warm up muscles Stretch Loosen joints Less likely to get injured Gets blood flowing/pumping Lactic acid Motivation To win	One mark for reason (first marking point), second mark for appropriate link to benefit for performance/play (second marking point)  Maximum two marks for 'reasons'.  Can gain second marking point without first PROVIDED there is an attempt to link to first marking point. I.e. no credit for simply saying 'to perform technique correctly'. However, could gain credit for 'to stretch (0) so can perform technique correctly' (1). OR 'to get blood flowing' (0), so ready to play at high intensity (1).	2x2	(4)

	is not affected at start of game/ they can think about tactics/ game play (1)		

Question	Answer	
24	Discuss why elite s	ports performers will make sure they eat a balanced diet.

<u>Indicative</u> content: This is indicative content only; candidates should be credited for all relevant accurate statements related to the question.

# A –Simple statements linking a list of items making up balanced diet or what a balanced diet means e.g.

- Minimum of two elements of balanced diet from: Fats, carbohydrates, proteins, vitamins, minerals, fibre and water, **or** macronutrients, micronutrients, fibre and water
- The right mix/ratio/proportions/amounts of the required nutrients in a diet
- Require a balanced diet to maintain correct/healthy body weight

## B -Simple statements linking food group with function e.g.

- Carbohydrates/fats for energy ('carbs' does not demonstrate required technical language)
- Protein for growth/repair
- Vitamins/Minerals to reduce deficiency diseases/maintain health (accept specific examples as simple statements, e.g. calcium/vitamin D for bone density/strength, vitamin C helps heal wounds)
- Water for hydration
- Fibre to aid the digestive system

### C - Developed statements linking simple statement re diet to performance e.g.

- Carbohydrates/fats for energy (S) <u>so</u> they can continue to work throughout the activity/not get fatigued (S+) so quality of play is not affected (D)
- Fats for <u>long term</u> energy use (S) <u>so</u> they can continue to provide energy to work <u>aerobically (S+)</u> throughout the activity (D)
- Protein for repair (S) of muscle tears after training (S+) <u>so</u> they can continue with training programme (DS)
- Protein for growth (S) so that adaptations can take place (S+) increasing the strength of the muscle (D)
- Water to remain hydrated (S) preventing dehydration (S+) <u>otherwise</u> exercise becomes more difficult due to elevated heart rate/unable to regulate body temperature (D)
- Calcium for increased bone density (S) making the bone stronger (S+) reducing risk of breaks in contact sports (DS)

Accept other accurate statements demonstrating ability to apply knowledge of aspects of balanced diet to importance when playing sport.

#### D – Developed discussion points re why a balanced diet is important e.g.

Elite play is physically demanding (S) therefore need to make sure they eat the right foods, in the correct quantities (S+) to allow them to meet the demands of the sport (D)

During match play muscles could be damaged (S) therefore it is essential they eat protein to repair the damage (S+) so they can play the next game/train (D)

A balanced diet is the correct mix of carbohydrates, fats, proteins, vitamins, minerals, water and fibre, (S) if the ratio was incorrect the body could not function at its optimum level (S+) e.g. too much fat would mean additional 'dead weight' to carry slowing the player down /increasing energy usage so they tire more quickly (D).

Nutritional requirements for activity may mean that the performer needs a different ratio of nutrients (S), for example, increased a power athlete may need increased protein intake

(S+) compared to an endurance athlete (D).  Accept other accurate statements that discuss why a balanced diet is important in sport.		

Level	Mark	Descriptor	
Level 0	0	No rewardable material	
Level 1	1-2	(i) A number of simple statements that link the items required to make a balanced diet/describe a balanced diet. (Indicative content area A)	
		(ii) A number of simple statements that link food groups to function.  (Indicative content area B)	
		Candidates will produce brief and narrative responses, making a limited number of simple statements, probably with limited reference to the question. Little knowledge and understanding of the range of requirements. Responses produced by candidates will be mostly generalised, and may not fully address the requirement of the question to discuss why an elite sports performer will make sure they eat a balanced diet.	
		Candidates' writing communicates ideas using everyday language, but lacks clarity and organisation. There will be frequent errors in candidates' spelling, grammar and punctuation.	
Level 2	3-4	(i) Developed statements, i.e. simple statements that progress to explain the link between the function of the food group and performance in the activity. (Indicative content area C)	
		(ii) Developed statements, i.e. simple statements that progress to explain the link between a balanced diet and an aspect of performance. (Indicative content area D)	
		(iii) May contain a basic (but accurate) conclusion in line with previous points.	
		Candidates' responses will be mostly accurate and include relevant factual material. Some knowledge and understanding of the requirements of a balanced diet for an elite sports performer. Candidates will have some success in addressing the requirement of the question to discuss why an elite sports performer will make sure they eat a balanced diet.	
		Candidates' writing communicates ideas with accurate use of appropriate terminology, and the organisation of the response shows some direction and control. There will be few errors in spelling, punctuation and grammar.	
Level 3	5-6	(i) Developed statements (using relevant examples) balanced and succinct. (Indicative content areas C and D)	
		(ii) Probably provides a conclusion based on points raised	
		Candidates will offer factually accurate and sustained responses that relate well to the focus of the question and successfully addresses the discursive demands.	
		Sound knowledge and understanding of the requirements of a balanced	

	diet and why it is important for specific sport performance. The discussion will be supported by accurate factual material that is relevant to the question. Both function of food groups and relevance to sporting performance will be evident with appropriate conclusions reached.

Candidates' writing communicates ideas effectively using appropriate terminology, and organises material clearly and coherently. Spelling, punctuation and grammar will be accurate throughout the response.
