COLLEGE COURSES

College done differently

At Brackenhurst, we believe that you can't really learn about the outside from the inside. That's why all our animal, land and science-based college courses are hands-on. They prepare students for the world of work, as well as allowing progression to further study (maybe even right here at NTU).

We offer post-16 Level 2 and Level 3 courses in animal management and care, equine management, agriculture, wildlife conservation and applied science.
