Want to find out more about apprenticeships?

Has your child or student ever considered a career in Accountancy? Is university the only option they've ever considered? Nowadays, there are many other routes into Accountancy available for young people, with apprenticeships being the most popular.

An apprenticeship is a real job with training that leads towards a recognised qualification. There are so many advantages to doing an apprenticeship, with earning a salary, training in the skills that employers want, paid holidays and a mentor being just a few. You can find out more [here](#).

Nottingham Trent University

NOTTINGHAM
TRENT UNIVERSITY

We're popular with our students.

A massive 90% of our students would recommend studying at NTU (latest National Student Survey 2014). You can't argue with that! We're a place for you to progress further and faster in your career.

NTU graduates get jobs.

We're proud to say that 93% of our graduates are employed or engaged in further study six months after leaving (latest DLHE survey undergraduate results 2012 / 13).

We're based in Nottingham, renowned for being a great student city.

Nottingham is big on culture, sports, live music, and great nights out. We also have the youngest population of any major UK city.

We're investing in your future.

We've invested over £350 million across all three campuses to give you the best possible student experience. Last year we opened a new library at our Brackenhurst campus, representing a £2.75 million investment. Boots Library at the City site has just had a £4.2 million refurbishment and the library at Clifton campus has undergone significant improvements. In addition, our brand new Students' Union is 5,500 square metres of social, sports, leisure and well-being facilities.
