

GCSE MARKING SCHEME

SUMMER 2022

**FRENCH - UNIT 4
WRITING - FOUNDATION TIER
3800U40-1**

INTRODUCTION

This marking scheme was used by WJEC for the 2022 examination. It was finalised after detailed discussion at examiners' conferences by all the examiners involved in the assessment. The conference was held shortly after the paper was taken so that reference could be made to the full range of candidates' responses, with photocopied scripts forming the basis of discussion. The aim of the conference was to ensure that the marking scheme was interpreted and applied in the same way by all examiners.

It is hoped that this information will be of assistance to centres but it is recognised at the same time that, without the benefit of participation in the examiners' conference, teachers may have different views on certain matters of detail or interpretation.

WJEC regrets that it cannot enter into any discussion or correspondence about this marking scheme.

UNIT 4: WRITING - FOUNDATION TIER
(48 marks)

General Advice for Examiners

You are asked to read and digest thoroughly all the information set out in the document *Instructions for Examiners* sent as part of the stationery pack. It is essential that these instructions are adhered to by all.

Particular attention should be paid to the following instructions regarding marking:

- as an examiner you must be positive in your approach. Look for opportunities to reward rather than penalise
- make sure that you are familiar with the questions and the relevant mark schemes
- familiarise yourself with the descriptors for each section of each assessment grid. See information below regarding advice on awarding marks using banded mark schemes
- for questions at Foundation and Higher Tier where an approximate word count is advised, the whole task must be marked and no marks are to be deducted for exceeding the word count.

Applying banded mark schemes

Banded mark schemes are divided so that each band has descriptors for the performance level of that band. You should first read and annotate a candidate's response to pick out the evidence that is being assessed in that question. Once the annotation is complete, the mark scheme can be applied.

Stage 1 – Deciding on the band

When deciding on a band, the response should be viewed holistically. Beginning at the lowest band, you should look at the candidate's response and check whether it matches the descriptors for that band. If the descriptors at the lowest band are evidenced, you should move up to the next band and repeat this process for each band until the descriptors match the response.

If a response covers different aspects of different bands within the mark scheme, a 'best fit' approach should be adopted to decide on the band. For instance, if a response is mainly in band 2 but with a limited amount of band 3 content, the mark awarded would be close to the top of band 2 as a result of the band 3 content. Small omissions in some parts of their response may not negatively affect the mark awarded.

Stage 2 – Deciding on the mark

Once the band has been decided, you can then assign a mark within a band. During standardising (marking conference), detailed advice from the Principal Examiner on the qualities of each mark band will be given. You will then receive examples of responses that have been awarded a mark by the Principal Examiner. You should mark the examples and compare your marks with those of the Principal Examiner.

When marking, you can use these examples to decide whether a candidate's response is of a superior, inferior or comparable standard to the examples provided. You are reminded of the need to revisit the response as you apply the mark scheme in order to confirm that the band and the mark allocated are appropriate to the response provided.

The following pages contain the mark scheme and assessment grids for Foundation Tier. In addition, you should ensure you are familiar with the grammar requirements in Appendix B of the specification.

When using the assessment grids for Question 2, Communication and content and Linguistic knowledge and accuracy are to be assessed separately. Candidates achieving a lower mark in one skill are not automatically precluded from accessing higher marks in the other. Where a candidate produces a response which is wholly irrelevant to the task set, 0 marks for both Communication and content and Linguistic knowledge and accuracy will be awarded.

When using the assessment grids for Question 3, Communication and content and Linguistic knowledge and accuracy are to be assessed separately. Candidates achieving a lower mark in one column are not automatically precluded from accessing higher marks in another. Where a candidate produces a response which is wholly irrelevant to the task set, 0 marks for Communication and content and Linguistic knowledge and accuracy will be awarded.

Question 1**[12]**

The candidate will be required to provide 6 responses. In order to be awarded the maximum 2 marks for each response candidates must provide answers which are in full sentences.

Marks for each response will be awarded as follows:

Conveying meaning:

Guidance for examiners

Candidates are instructed in the question paper to write in complete sentences and must provide a response with a verb in order to gain maximum marks. The complete response will be taken into consideration when awarding marks.

Question 2

[16]

Guidance for examiners

Where a candidate produces a response which is wholly irrelevant to the task set, 0 marks for both Communication and content and Linguistic knowledge and accuracy will be awarded.

Candidates are required to address the three compulsory bullet points and write approximately 50 words overall.

A simple range of vocabulary will include common and familiar words. A simple range of grammatical structures will include simple word order and short, simple sentences using common structures. Complex structures will include varied and more complex word order and extended sentences with a range of structures such as conjunctions, pronouns and adverbs.
