Resource folder. You may also require a calculator and a ruler.

## INSTRUCTIONS TO CANDIDATES

Use black ink or black ball-point pen. Do not use gel pen or correction fluid.

You may use a pencil for graphs and diagrams only.

Write your name, centre number and candidate number in the spaces at the top of this page.

Answer **all** questions.

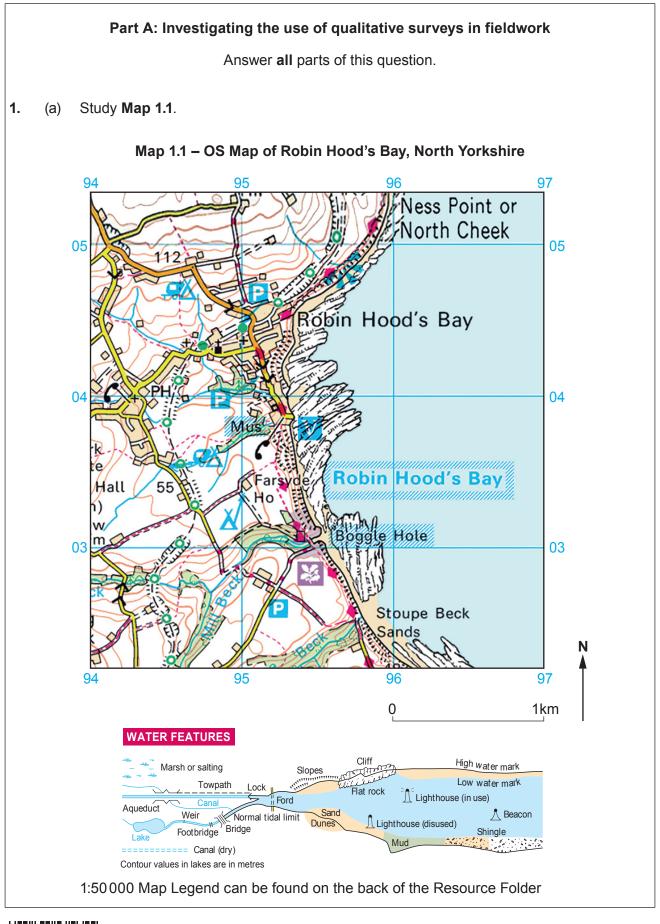

Write your answers in the spaces provided in this booklet. Additional space is provided for some questions within the booklet (if required). If further space is required for any question, use the additional pages at the back of the booklet, taking care to number the question(s) correctly.

## INFORMATION FOR CANDIDATES

The number of marks is given in brackets at the end of each question or part-question.

You are reminded that assessment will take into account your ability to spell, punctuate and use grammar and specialist terms accurately in your answer to Part C, Question 3(f).

Students carried out an investigation into the risk of coastal erosion. They used a sampling technique to select specific locations to collect data along the coastline. Give one advantage of using a sampling technique to select fieldwork sites in the area shown on Map 1.1.

3

Students used a bipolar survey to evaluate the risk of coastal erosion at 4 fieldwork sites. Diagram 1.2 below shows part of their recording sheet.

## Diagram 1.2 – Bipolar survey investigating the risk of coastal erosion
